

## THIS WEEK AT THE SHED

The workshop has been noisy with the rhythmic tapping of hammers, chisels and refrains of “we work, work, work” ably led by Chief Elf n’Safety Ossifer, Bill Emslie. The work being done was to build up the stock for the Shed’s Christmas sale at the last Farmers Market of 2022.

Saturday came, and a fell dreich day it was too. However, the Shed has never been found wanting when it comes to volunteers to assist and so it was on the day. The usual Market Crew of Andy Lorimer, Dave Lomax, Mike McNally, Peter Cooper, Paul Tosh were there to help the stallholders and assist the Shed set up along with Ian Smith, Allan Wood, Bill Emslie, John Robson, Bert Butchart.

The day had a steady footfall and over £500 was raised towards the Shed’s funds. We’d like to thank all those who came out in support of the Market and the Christmas sale.
